

We're going to write a report about you and me in music therapy. We'll write about everything we've been doing and what you think of music therapy. So please answer the questions to help us know what you think!

Played guitar

A wooden tambourine with a circular frame and eight metal jingles (zils) attached around the rim. The wood is a light brown color, and the jingles are silver with yellow centers. The number '12' is visible on the bottom right of the frame.

A close-up photograph of a hand holding a yellow pencil, writing on a sheet of musical notation. The notation includes a treble clef, a key signature of one flat (B-flat), and a time signature of 4/4. The music is written on a five-line staff with various notes and rests. A box containing the letter 'B' is visible on the left side of the staff. The word 'mf' (mezzo-forte) is written below the staff. The background is a soft, out-of-focus light blue.

A wooden xylophone with two mallets. The xylophone has a curved wooden frame and several wooden bars. Two mallets with light-colored heads and wooden handles are positioned in front of the xylophone.
